## End of Cycle 2016 Data Resources

DR2_021_05 Acceptances by ethnic group and age

## Statistic: Number of Acceptances

Variables: Ethnic Group (Summary Level) , Age Band , Cycle Year

Coverage: Applied before June deadline and UK domiciled

## Definitions

Age Band
Derived from date of birth declared by the applicant, age is aligned with the cut off points for school/college cohorts within the different administrations of the UK. For England and Wales ages are defined on the 31 August, for Northern Ireland on the 1 July and for Scotland on the 28 February the following year. Defining ages in this way matches the assignment of children to school cohorts. For applicants outside of the UK the cohort cut off for England and Wales has been used. Age then is grouped in the following bands: ' 17 and under', ' 18 ', ' 19 ', ' 20 ', ' 21 and Over'. Please note: if the derived age is outside of the range 11-100 then it is set to 18 by default.

Ethnic Group (Summary Level)
High level grouping of ethnic origin as declared by the applicant: 'Asian', ‘Black', 'Mixed’, 'White', ‘Other’, ‘Unknown’. Please note: Ethnic origin is captured for UK domiciled applicants only, therefore all non UK domiciled applicants are assigned as 'Not Applicable'.

Cycle Year
The cycle in which the application was processed.

Number of Acceptances
Acceptance is defined as an applicant who has been placed for entry into higher education.
